EDUCATION

3.77 CGPA

PROFESSIONAL SUMMARY

B.S. Game Design & Production

Riphah International University

2022 – 2026

CGPA: 3.77

TECH SKILLS

REPertoire

PROGRAMMING

C# (Primary)

C++

Python (Basic)

GAME ENGINES

Unity Engine

Unreal Engine (Basic)

VR / XR DEVELOPMENT

Meta Quest Dev

XR Interaction Toolkit

VR Interaction Systems

Haptics & Motion Physics

GAME SYSTEMS & ENGINEERING

Gameplay Programming

Game Mechanics Design

UI Architecture & Menus

Performance Profiling

Debugging & Optimization

Git / Version Control

Firebase Telemetry

AdMob & IAP Monetization

3D & ART PIPELINE

Blender

ZBrush

Substance Painter

Character Creator

3D Optimization

CERTIFICATIONS

Game Design & Development

Government-Sponsored Program (6 Months)

Intensive curriculum covering core programming, game loops, interactive systems, and game mechanics design.

★ A+ Grade • 90%+ Marks

Game Developer with a Bachelor's degree in Game Design and Production (3.77 CGPA) and over 3 years of hands-on experience building commercial, indie, and client-driven game projects. Proficient in Unity game engineering, C# gameplay scripting, UI systems architecture, 2D/3D asset integration, performance profiling, and VR development for Meta Quest headsets. Proven track record designing and shipping interactive experiences from concept to final build, including gameplay loops, VR physics interactions, monetization systems, and real-time 3D environments. Dedicated to crafting fluid player experiences and solving complex technical challenges across production pipelines.

EXPERIENCE

3+ YEARS

Game Developer

EARLY 2023 – PRESENT

Kurly Brackets • On-Site Studio

- Architected and implemented responsive gameplay systems, state machines, and core mechanics using Unity & C#.
- Engineered modular, high-performance UI systems, custom HUDs, and animated menu navigation flows.
- Profiled CPU/GPU performance, optimized draw calls and memory allocations, resolved bugs, and sustained target frame rates.
- Integrated advertising networks (AdMob), In-App Purchases, and Firebase telemetry pipelines for live mobile titles.

Indie Game Developer / Unity Developer

2021 – PRESENT • 3+ YEARS

Freelance & Indie Client Projects

- Contributed to 20+ indie and client game projects, implementing custom player controllers, AI navigation, and gameplay loops.
- Engineered 2D/3D physics interactions, collision systems, object manipulation, and inventory mechanics.
- Imported, rigged, and optimized 3D assets, textures, animations, particle effects, and audio systems.
- Collaborated with international clients from concept through final release, compiling Android APK/AAB builds and managing store publishing workflows.

Game Developer

COMPLETED • 6 MONTHS

Motion Maze • Remote Studio

- Contributed as core game developer creating gameplay mechanics, UI layouts, and programming logic for mobile titles.
- Conducted rigorous code debugging, performance improvements, and game asset integration across team milestones.

FEATURED PROJECTS

The Forgotten Train — VR Escape Experience

META QUEST VR

Game Designer • Unity Developer • 3D Environment Artist

Atmospheric narrative-driven VR escape room experience developed for Meta Quest headsets where players solve multi-stage environmental puzzles aboard an ominous, dynamically moving locomotive.

- ▶ Designed complex environmental puzzle systems, lock mechanisms, hidden clues, and narrative trigger sequences.
- ▶ Developed VR hand presence, physics-based grabbing, socket snapping, and item inspection using Unity XR Interaction Toolkit.
- ▶ Modeled, textured, and lit atmospheric train carriage environments, modular props, and visual effects in Blender & Unity.
- ▶ Optimized mesh geometry, lighting bake shaders, and draw calls to sustain smooth 72 FPS standalone VR performance.

8+ Published Mobile Game Titles

Google Play Store Releases

Commercially released mobile games across puzzle, casual, and action genres featuring full gameplay loops, UI, audio, and store deployment:

- ✔ Selah: Bible Charades
- ✔ Jewel Crush Quest
- ✔ 2468 Block Puzzle
- ✔ Mr Greedy
- ✔ Snake Escape
